Robert,
I forgot to ask one other request from you. Do you have the interim
plan electronically (pdf file, etc...) that I could have a copy of.
Please feel free to call me for clarification.

Also, I have not seen a response from the request below.

Jeff Kimble, On-Scene Coordinator

Re: Response to USEPA(Document
link: Jeffrey Kimble)

Robert,

It was stated in the response letter that your company would be conducting methane monitoring last week. I am interested in those results as they will factor into how we proceed in the near future with the progress of activities at the site. I would appreciate a summary of your readings. Based on the data, we can set up a meeting time to discuss further monitoring and extending the study area should it be deemed needed.

Thank you -
